Assurez-vous que cette ligne mesure 5 cm sur le papier.

Si ce n'est pas le cas, la taille des montres sera également erronée.

Verzekert u dat deze lijn 5 cm lang is op papier.

Indien dit niet het geval is, zal de maat van de uurwerken onjuist zijn.

Make sure that this line measures 5 cm (2") on your printed sheet.

If it doesn't, then the watch outlines won't be the correct length either.

**3**

Découpez la montre de votre choix et enroulez-la autour de votre poignet pour trouver la taille qui correspond à votre poignet.

Snijdt het uurwerk van uw keuze uit en doe dit rond uw pols, zo vindt u de maat die het best bij uw pols past.

Cut out your favourite watch outlines and wrap them around your wrist in turn to see which one is the best fit.
